

PMP Exam Blended Delivery Course

Course Description:

This course is designed to give Project Management Professional (PMP)[®] candidates a blended preparation delivery model to ensure success on the PMP Exam. Students will gain the skills and knowledge to write the PMP exam, by engaging a blended preparation delivery model including self-paced online learning, instructor led training and virtual instruction.

The five process groups, ten knowledge areas, and 49 processes as outlined in A Guide to the Project Management Body of Knowledge (PMBOK[®] Guide) – Sixth Edition will be reviewed through instructor led lectures, study tips, discussions, animated online videos and testing. This interactive course will use learning activities, testing, animated videos and classroom discussions to build participant knowledge base and confidence to approach either the (PMP)[®] or (CAPM)[®] exams.

Candidates are given extended 90 day access to an interactive PMP Exam Prep online course to further enhance their PMP exam knowledge and preparation. Follow up sessions with the instructor will also be conducted.

Learning Outcomes:

Upon successful completion of the Project Management Professional (PMP)[®] / (CAPM)[®] Exam Boot Camp and Online Course, you will be able to:

- Understand the framework of the PMBOK[®] Guide
- Recognize strategies to successfully answer (PMP)[®] / (CAPM)[®] exams questions
- Collect 35 education hours required to write the (PMP)[®] or the 23 education hours required to write the (CAPM)[®] exam.
